FAIR Certification — Draft Worksheet

Draft your answers here, offline or on paper, then copy them into the online form. This changes nothing about how or when you submit — the enquiry form and the full application still live at https://fair.af.net/.

Step 1 — the enquiry (five minutes, no documents)

Name of the AI system

Product or project link

A website, code repository, app store listing or demo.

What problem does it solve?

A few sentences in plain language.

Why does this matter for the Global South?

Who benefits, in which countries, and what changes for them.

Step 2 — the full application (once your enquiry passes pre-screen)

One-sentence summary of the product or solution

Countries or markets where it is used

Primary users or beneficiaries
