

FAIR Certification — Draft Worksheet

Draft your answers here, offline or on paper, then copy them into the online form. This changes nothing about how or when you submit — the enquiry form and the full application still live at <https://apply.af.net/>.

Step 1 — the enquiry (five minutes, no documents)

Name of the AI system

Product or project link

A website, repository, app listing or demo — whatever shows it best.

What problem does it solve?

A few sentences in plain language. No jargon needed.

Why does this matter for the Global South?

Who benefits, where, and what changes for them.

Step 2 — the full application (once your enquiry passes pre-screen)

One-sentence summary of the product or solution

Countries or markets where it is used

Primary users or beneficiaries
